CAL-MAINE FOODS, INC. CONDUCTS VOLUNTARY EGG RECALL

JACKSON, Miss. (November 5, 2010) — Cal-Maine Foods, Inc. (NASDAQ: CALM) today was notified by the Food & Drug Administration (FDA) that one of the Company's suppliers, Ohio Fresh Eggs, LLC, Croton, Ohio, had a routine environmental study sample which tested positive for Salmonella Enteritidis (SE). Cal-Maine purchased approximately 24,000 dozen unprocessed eggs from Ohio Fresh which were processed and re-packaged by the Company's Green Forest, Arkansas, facility between October 9 and 12, 2010, yet the Company was only notified today. The eggs involved, which were not produced from Cal-Maine flocks, were distributed to food wholesalers and retailers in Arkansas, California, Illinois, Iowa, Kansas, Missouri, Oklahoma and Texas. There have been no confirmed SE illnesses related to the purchased eggs.

In cooperation with the FDA, Cal-Maine immediately notified its customers and recalled specific Julian dates of shell eggs because they have the potential to be contaminated with SE. The following packages were included in this recall.

Product Description	Plant Number	Julian Date	Sell By/Expiration Date
Sunny Meadow Jumbo UPC Code - 6 05388 71459 6	1457	282, 284	11/07/10;11/09/10

November 5, 2010

Salmonella is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with Salmonella often experience fever, diarrhea, nausea, vomiting and abdominal pain. In rare circumstances, infection with Salmonella can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections, endocarditis or arthritis.

Consumers who believe they may have purchased potentially affected shell eggs should not eat them but should return them to the store where they were purchased for a full refund. Questions and concerns may also be directed to Cal-Maine's corporate office at 1-866-276-6299 between 8:00 a.m. and 4:30 p.m. CDT.

Cal-Maine Foods, Inc. is primarily engaged in the production, grading, packing and sale of fresh shell eggs. The Company, which is headquartered in Jackson, Mississippi, currently is the largest producer and distributor of fresh shell eggs in the United States and sells the majority of its shell eggs in approximately 29 states across the southwestern, southeastern, mid-western and mid-Atlantic regions of the United States.
